DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Michael O'Neill on 18 March 2005.

The application has been amended as follows: Examiner and Attorney of Record O'Neill agreed to replace the phrase "in which a...or a high-definition" with the phrase "in which one of a ...and a high-definition" in amended claims 2, 7, and 12-15.

2. The following is an examiner's statement of reasons for allowance: Claims 2 and 7 of the current application teach similar subject matter as the prior art of Satou (US Patent 6,144,459). However, claims 2 and 7 are allowed for the reasons pointed out by Applicant's remarks (p12, paragraphs 1-4). Claims 3,4, 8, and 9 are then inherently allowable for depending on an allowable base claim.

It follows that independent claims 12-15 containing a similar novelty as claims 2 and 7, are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
